Proceeds from this tournament will benefit Friends Life Community. Since 2008, Friends Life Community gives adults with disabilities a place to belong and the opportunity to achieve their full potential.

In our current pandemic due to Covid-19, children and young adults with severe developmental and physical disabilities are considered to be at higher risk for becoming infected with or having severe illness from Covid-19. Large groups gathering together is currently not recommended for this population of people. One option for young adults with disabilities is to have access to virtual programs that will allow friends to connect with peers. Friends Life Community offers virtual programming, free of charge, for individuals who are sheltering at home allowing them to stay connected, engaged, and learning.

Shelby Hickman is the daughter of PGA Professional Joey Hickman and Susan Yarbro Hickman and sister to Scott Hickman. Shelby attended Harris-Hillman Special Education School from January 2001 through July 2020. Over the years Shelby has made tremendous progress due to her specialized education program. As Shelby begins a new chapter of life, the Hickman family and the officers of The Shelby Foundation would like to continue supporting organizations that provide services to people with disabilities. We invite you to join with us in our fund raising efforts.
